A long time ago, as a little girl,  
I dreamed of traveling all over the world

And often I'd ask about the past  
Driving everyone crazy fast!

Amused by this my parents thought,  
Why not call me "History" for short?

Since then I've traveled  
By land, sea, and air ...

... So read this book and  
I'll take you somewhere!

Dedicated to ...

... those serving in  
the United States military,  
to its veterans, and  
to those who gave their last  
full measure of devotion.
