And began to talk to Athena the good witch. Saying we welcome you to our celebration.

But the good witch Athena had another agenda.

Meanwhile Stormy the witch, of the south was gathering her poisons and summing the creators of the forest, to join in the war that was about to take place.

Stormy had a black pot with stem coming from it as she would mix her potions into the pot .

Then she said a spell that would make the child, Terri Anderson very sleepy, and another potion to kill all the fairies in fairyland .

Meanwhile the creators of the forest,
agreed to help Stormy the bad witch of
the south, destroy the fairyland and the
fairies.

Along with Mamalic the wizard, and the
the good witch of the north.

So they began to prepare for war, that
took a long time to become a fairy
warrior.

The preparation took place in the
meadow brook, with green grass and a
river nearby .

The fairies made swords, and bows,
arrows and shields to use in the battle to
protect themselves from the witch

Stormy.
